# ULTIMATE ASSESSMENT PROGRAM 2023

In 2019-2020, we spoke with 15000+ IAS aspirants via our Samanvaya (1 on 1 mentoring) program. We spent more than 9000 Hours trying to understand the problems aspirants face and how we can help them. We improved our program with every feedback and the results were outstanding.

26 out of Top 100 UPSC rankers were from Civildaily.  
Our mentorship program helped 81 students secure ranks in UPSC 2020.

We did it because we understood the the problems you face and we solved them!

## Here's What We Learned About You

You have doubts. Lots of them. Almost on a daily basis. 70% of them are academic, 20% are strategy related and 10% about life and thereabouts.

You want a time table which adapts according to your learning curve.  
You think news & static concepts should be tied together for better retention.

You are perfectly fine with self study modules but need motivation boosters to keep you up on the right track. You want your preparation to be non-judgemental.  
You want a community of like minded, sincere aspirants so that you can feed off each other's energy. You love active learning. You love active doubt resolutions.  
You are patient with your progress as long as its assuring.

The **UAP** is precisely designed for this purpose. It includes everything required for you to ensure your preparation is top-notch.

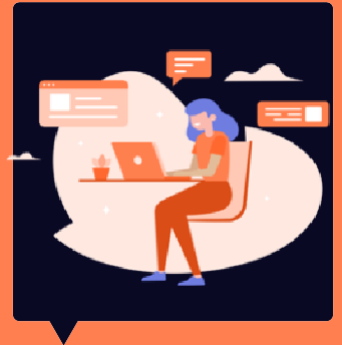

## 2 DIFFERENTIATORS: DDS & SAMANVAYA

### DAILY DOUBT SESSIONS

There is no better learning than “active learning”. We understand that students who prefer self study mode also yearn for quick and reliable doubt resolutions.

Read a news article. Don't understand the meaning or relevance of a key term? **DDS mein daalo**. Revised old notes and got stuck with a basic doubt? **DDS mein daalo**. Solved a test series and want a

better explanation? **DDS mein daalo**  
DDS Sessions are held daily.

### DAILY DOUBT SESSIONS

(ask me anything)

### SAMANVAYA @FOUNDATION = SMALL LOOPS, BIG LEARNINGS

**Think of Google Maps:** As soon as you switch on the GPS, it locates your coordinates and charts out the most optimal path to your destination. Should you digress from the path, take a wrong turn or two, it quickly adapts and re-routes. You are guaranteed to reach your destination.

Sooner or later.

Think of **Samanvaya** as that Google Maps engine. When you get onboard with us on your UPSC journey, we create mini-journeys (LOOP) for you (learning + testing) and create loops after loops of achievements & closures.

“**LOOP**” is the smallest unit of learning & testing at Civildaily. We have learning loops for the whole syllabus and **we use personalised interventions to help you close and stitch them all.**

### SAMANVAYA (1 on 1 mentoring)

**DDS sessions = Marathons for Active Learning.  
200+ doubts resolved & 40+ new mini  
concepts discussed. Every Day. Day after Day**

A full-time working candidate posted in the comparatively backward state of Assam, Abhilash Baranwal (AIR 44, CSE 2017) has got into the hallowed clique of the 'Top 50' in his 4th attempt.

A story of perseverance and determination, Abhilash found CD, especially the Newscards and Tikdams, a potent weapon in this fight against time.

Dear Civildaily,

I sincerely want to thank civildaily (Website + App) for providing good quality content useful for civil services preparation, specially for those aspirants who don't get a chance to buy hard copy material.

Newspaper is very analytically covered by civildaily App which gives clarity about current issues, helpful for working professionals to cover in comprehensive manner.

Sincerely thanks!

## TESTIMONIALS

I am writing this down because I can't think of any other way to thank Civildaily with its entire team for being an integral part of my UPSC journey.

I followed the current Affairs on the Civildaily app which helped me survive Prelims. Mains too seemed like a cakewalk thanks to Sajal Sir's strategy. The Mains Test Series was also very effective as there was a great consonance between them and the actual mains GS questions.

A big thank you for helping me attain my dream.

Kamyaa was a Pol. Sc. graduate from LSR. She was amongst the fews who cracked the CSE in their first attempt in their early 20s.
